

September 2018

Dear Community Member,

St. Patrick's Cathedral School was founded in 1923 as a center of spiritual and intellectual development for the El Paso community. The mission of our school is the integral formation of our students to become stewards of generosity and kindness who will work effectively for the common good of society. We harmoniously develop their physical, moral, and intellectual endowments so that they acquire a mature sense of responsibility and accountability to our community.

We are confident you understand the crisis facing community schools today, namely parochial schools. Our beloved St. Patrick Cathedral School is no exception. The pressing need for fundraising is our reality. As a respected member of our community, we are inviting you to become a sponsor and partner in our Catholic educational mission by supporting our Annual Irish Gala fundraiser.

Our Second Annual Irish Gala will be held November 30, 2018, at the Coronado Country Club from 6:00 pm to midnight. It will include both live and silent auctions, dinner, and dancing. Sponsorship levels are listed or you may also choose to donate an item and/or service for the live and silent auctions.

Our students will be very blessed if you choose to be part of this opportunity. We hope that you are able to contribute, and we appreciate your support and involvement in enriching the education of our students.

Blessings and warm regards,

A handwritten signature in cursive script that reads "Liliana Esparza".

Liliana Esparza, M.Ed.

Principal
